TECHNICAL CAPACITY

All applicants must demonstrate the technical capacity to carry out the services proposed. At a minimum the applicant must be able to:

- Demonstrate the financial ability to perform and deliver the service applying for and awarded.
- Demonstrate the adequate level of staffing and grant experience and knowledge to comply with all FTA grant requirements.
- Demonstrate the adequate level of staffing and operational experience needed in delivering the service as per grant award.
- Demonstrate the adequate level of staffing and maintenance experience for performing required maintenance on vehicles used or purchased for this service.
- Demonstrate the adequate level of vehicles including back-up vehicles to perform the service under this program.
- Demonstrate a driver training program to ensure safe and reliable service to all passengers.
- Demonstrate that the service provided is not duplicating other services funded under FTA or other funding sources. All FTA subrecipients must be part of the local Human Service Coordination Transportation plan.
- Demonstrate there are written procedures and policies for operations, grant administration and FTA reporting requirements.

When filling in this application ensure that you are clearly documenting the technical capacity required to deliver this State and/or Federally funded project.

If applicant is providing route deviation service with published timetable/schedule – include copies of timetables –

- Systems must provide information to the public on how to request a deviation
- All deviation service must be open to the general public and noted on timetable
- Phone number on timetable must be listed for requesting trip deviation in advance

PROPOSED SCHEDULE FOR CASINO REVENUE APPLICATION FOR YEAR 2016

The schedule below is for guidance purposes only. The suggested timetable below is to assist you in planning the completion of your SCDRTAP application on time. It is understood that dates and local procedures may vary.

Date:

Procedures for Grant Administration Reporting

1. Describe the methodology that is used to determine how trips are charged to each funding source or grant.

Gloucester County assigns code numbers to each client pertaining to their ability to qualify for transportation services. Code #1 for Disabled Clients, Code #3 for Senior Clients and Code #18 for Rural Clients are placed in the computer next to their name in the client information. DTS is obtaining new routing and scheduling GPS software through Ecolane-North America HQ, 1150 First Avenue/Suite 910, King of Prussia, Pa. 19406. All vehicles will have access to tablets with Global Mapping beginning on 6/1/15. Staff has been working with transfer of present clients, registering new clients through new application. See next page for sample of application.

2. Complete Table 4 and attach all of the policies and procedures that apply as NJT Attachment C. If Copies of PROCEDURES/POLICIES were submitted with your 2015 Application please only attach copies of new or updated policies.

b. What is the minimum and maximum amount of time needed to reserve a trip?

Gloucester County residents are able to schedule their appointments with a minimum of three working days' notice and up to 30 working days' notice.

c. Will you accept a same-day reservation?

Based upon the nature of the request and the availability of drivers, service can occasionally be offered without the minimum notice.

d. Do you maintain a customer profile? If yes, what information is contained in this profile?

Passenger Profiles are maintained within computer software and include Name, Address, Phone Number, Funding Code(s) and Veteran Status (if applicable). Transit Notes are available to identify various needs of residents. Gloucester County will be instituting new automated computerized scheduling and routing system through Ecolane.

e. How is customer eligibility verified for SCDRTAP?

Gloucester County requests birth dates when senior residents call to schedule their transportation. A physician note is requested from those residents who require outside transportation due to a disability, either temporary or permanent.

f. How is a trip identified as Section 5311 eligible?

Residents living in rural municipalities and contiguous municipalities in the southwestern portion of Gloucester County are served by Section 5311 funding. Residents are eligible for Section 5311 transportation if either their home or destination location is considered rural.

Municipalities of Logan Township, Harrison Township, Swedesboro, Greenwich Township, East Greenwich Township, Paulsboro and Mantua Township are pick up locations for the rural shopping bus. DTS has developed new shopping bus schedules for pick-up, hoped to be implemented after review & discussion at the 6-10-15 Public Hearing. In the rural areas served, pick-up for residents can be scheduled at one of the designated stops or, by request, to their rural home location listed on daily schedules; i.e., Mullica Hill, Swedesboro, Beckett Village Center area), Gibbstown, Paulsboro, Mickelton, Clarksboro (Kings Hwy. area), Mt. Royal (Kings Hwy. area),

The Division of Transportation Services also provides a rural shopping bus scheduled for demand response, the second Friday of each month, from the Glassboro area by request (western portion of Gloucester County) to the Deptford Mall. Residents can schedule their desired pick-up location according to 2nd Friday schedule. Schedules are available upon request, have been placed on vehicles for client information and sent to the affected municipalities.

g. Name the computer routing and scheduling software product currently used for operations.

Warner Software was being used up until June 1, 2015. All staff has been preparing for automated routing and scheduling software through Ecolane in King of Prussia, Pa.

	h.	How is the above computer routing and scheduling product used? Please check all that apply. Customer database

Freeholder Director Freeholder Liaison

The County of Gloucester complies with all state and federal rules and regulations and does not discriminate on the basis of race, religion, color, national or ethnic origin, sexual orientation, age, marital status or disability in admission to, access to, or operations of its programs, services, or activities. In addition, Gloucester County encourages the participation of people with disabilities in its programs and activities and offers special services to all County residents 60 years of age and older. Inquiries regarding compliance may be directed to the Office of Education and Disability Services at 856-681-6128/New Jersey Relay Service 711/Toll Free @ 1-800-852-7897 or the EEO office at 856-384-6903

 Provide a list of relevant common sites and key trip generators, including central business districts, major employment centers, shopping centers, hospitals, social service centers and college/universities, apartment complexes, senior complexes. Indicate those that are in your 5311 service area (5311 recipients are required to submit a map of your 5311 service area).

Gloucester County is a suburban/rural county that lacks a major urban area. Detailed Info:

- Central Business Districts: The City of Woodbury, the county seat, serves as a municipality in the northern part of the county with a Central Business District and significant public transportation options. The Borough of Glassboro also has a small Central Business District in the southern part of the County with two (2) NJ Transit bus lines. Although there is no major urban center, many retail locations have begun operating within Gloucester County. Industrial Parks for employment opportunities are located near Route 295 in the southwestern portion of the County (Pureland Industrial Park and Commodore Park). Transportation to the Pureland Industrial Park is provided by South Jersey Transit Authority (SJTA) with two shuttle bus routes for Camden and Gloucester County residents; an existing North to South shuttle route and a new East to West shuttle route with major employment destinations along the way.
- Shopping Centers/Restaurants: Gloucester County shopping/restaurant destinations include the Deptford area with the Deptford Mall and various restaurant/retail locations. A two (2) mile stretch along the Black Horse Pike in Washington Township also include various businesses with many restaurant/retail locations. Small town shopping is prevalent in the City of Woodbury and Borough of Pitman.
- Major Employment Centers/Hospitals: >There are many businesses within the City of Woodbury, along with a majority of county government employees located within its' borders. >Gloucester County has two hospitals; Inspira Hospital in Woodbury and Kennedy Memorial Hospital in Turnersville, both with a significant number of employees. >Woodbury, Turnersville, Deptford also possess the majority of medical facilities with five (5) dialysis units in Gloucester County; Woodbury, Turnersville, Deptford, Mantua and Swedesboro. >In April 2015, Deptford Township had a groundbreaking ceremony for the Nemours DuPont Pediatric specialty hospital with work to begin immediately and a projected completion date of Spring 2016. The facility will encompass 65,000 square-feet and be a portal to practically all of the sources Nemours has to offer. This specialty hospital services many out-of-State children at their current location in the State of Delaware and will offer many employment opportunities within Gloucester County.
- > College/Universities: Gloucester County has two colleges, Rowan University in Glassboro and Rowan College @ Gloucester County College is located in Sewell, Deptford Township and is served by the Route #463 bus that operates between Woodbury and the Township of Monroe in the southern portion of the County.

Route Deviation

1. If you operate routes that deviate, explain how the trips are documented and complete Table 7.

Fixed route deviation service is available on the DTS rural shopping route only. Different communities in the County are served on different days of the week. Currently there are 6 different established routes. Reservations are now accepted in addition to the scheduled fixed rural route. Route Deviation Policy - In addition to boarding the vehicle at one of the established fixed stops on the established routes, riders can schedule route deviation from the fixed route and be picked up at locations other than the established stops. Route deviation is available for riders who live at locations up to ¾ of a mile off the established route. Riders who are at distances greater than ¾ of a mile off the established route cannot be served. Riders who wish to request route deviation service must call the Gloucester County transportation at 856-686-8350 to request this service the day before they plan to ride the bus or no later than 8:00am the day they wish to ride.

2016 Short-Term Program Strategies

List at least three of your current strategies to improve your system in grant year 2016.

- 1. Office staff and drivers will learn and implement the new Ecolane automated computerized scheduling and routing system. Riders should notice very little external change and basic passenger procedures remain the same. Hopefully, this new system will allow Gloucester County DTS to help with more rides overall and improved on-time performance every day.
- 2. The Pascale Sykes East to West Community shuttle has begun operation on June 1, 2015 with pertinent information located on the Gloucester County website; gloucestercountynj.gov / Human Services / Transportation / Pureland East-West Community Shuttle. This new route to the Pureland Industrial Park involved coordination between United Way, SJTA, Cross County Connection, People for People of Gloucester County and many other Gloucester County Departments (Human Services, Fleet Management and Planning). The bus route begins at the Avandale Park and Ride travels through Gloucester County with major employment destinations along the route.
- 3. The June 10, 2015 SCDRTAP Annual Public Hearing addressed potential change to the Monday, Tuesday and Wednesday Section 5311 rural routes focusing on a demand response service. The Friday rural route is currently performed as a demand response service; i.e., riders select the pick-up locations they would like to utilize. This would eliminate unnecessary stops at scheduled destinations with no riders.

SECTION V - PUBLIC OUTREACH

Public Outreach Activities

Describe special events, presentations, conferences, articles, news coverage, reports
or any other forms of media and if applicable, a copy of that coverage the County
intends on participating in 2016. Include recent surveys and survey results.

Special events attended are listed below:

- On March 17, 2015 keys to two new 22 passenger buses were presented to the Borough of Clayton and the Township of Deptford under the County's Capital Transit Investment Plan (CTIP). This program was instituted by the Gloucester County Board of Chosen Freeholders in 1992 to assist municipalities with their purchase of new buses.
- On April 21, 22 and 23, The Annual TransAction Conference was attended by Human Services Director Lisa Cerny, Acting Coordinator Mark Seigel and Supervising Omnibus Operator Karen Allen. Karen Allen also attended Supervisory Training and Workshops that were available at the conference.
- On May 6, 2015, participation in the Public Hearing for the Older Americans Act Title III Area Plan Contract for Gloucester County.
- ➤ On May 12, 2015 a representative for the Division of Transportation attended Gloucester County's Senior Health & Fitness Fair to inform residents, senior and disabled of services available to them.
- Attendance by Acting Coordinator/Supervising Omnibus Operator at regular COST Association meetings to stay current with statewide issues affecting local citizens and leaders in Gloucester County.
- The Annual Public Hearing was held on June 10, 2015 at Gloucester County College in Sewell, NJ. Time is provided for Question & Answer session and complaints and/or compliments.
- 2. Provide a list of locations of where transportation marketing materials are distributed in the service area, how often are they distributed?

DTS produces new brochures on an annual basis. Brochures are sent to new clients, placed in senior citizen housing locations, doctor's offices and mailed to municipal officials. DTS relies heavily on printed material being made available to relevant agencies and interested groups throughout Gloucester County. An informational packet is sent to new customers and include a courtesy letter, transportation application, Annual County Holiday Schedule, General Statement about our service, Out-of-County Fact Sheet and telephone information for complaints or compliments.

3. In planning public transportation services, private sector providers must be given an opportunity to express their views. How does the subrecipient allow for input on services from private operators in the service area?

Gloucester County residents and local agencies may make formal comment each year at the Annual Public Hearing which is conducted at Rowan College at Gloucester County College. This annual hearing is advertised within two newspapers a month in advance, seat notices are placed on vehicles for current riders, public notice is also mailed to interested individuals and agencies.

Marketing Materials

1.	Attach SCDRTAP and Section 5311 marketing materials. (i.e., system brochure,
	timetables, cable TV ads, advertising, mailings, newspaper articles and copies of
	website). Attach as NJT Attachment J

2.	Do you make service	information available in accessible format upon request?	
	∑Yes	□No	

Public Hearing and Notification (only required for SCDRTAP funding)

Attach all documents as NJT Attachments K1-K7

- The notice should include the location, when and where the application will be available
 for public review. The notice must be advertised in two different newspapers at least
 30 days prior to the public hearing dates. Submit notarized copies of both public notices
 with application as NJT Attachment K1.
- 2. The Public Hearing Notice must be sent to all Municipal Clerks. The Public Hearing Notice must also be sent to county organizations, agencies, and associations that serve senior citizens and people with disabilities. Submit a list of organizations that the letter was sent to as NJT Attachment K2.
- 3. A large print of the Public Hearing Notice must be posted on all system vehicles. Notice must be posted on all vehicles at least 30 days prior to the public hearing and left on the vehicles until the date of the hearing. Submit a sample of the vehicle notice as NJT Attachment K3.

Prior and After Public Hearing Date:

- One copy of the 2016 entire application must be placed in the Main Branch of the County Library for public review (at least 14 days after the public hearing date). Include in the exhibit the name of the Branch, address and date copy was placed in Library as NJT Attachment K4.
- 2. An electronic copy of the 2016 application must be placed on the county website for public review (at least 14 days after the public hearing date). Attach a screen shot of the county website with the link to the electronic application as NJT Attachment K5.
- 3. The County must meet with their local CAC to review the proposed service activities and budget for 2016. Their input and feedback should be considered in the planning process for this application. Please indicate in the date of this CAC meeting and include copy of meeting minute notes showing application was reviewed with CAC members as NJT Attachment K6.
- 4. Copies of the 2016 application including a summary of proposed activities and proposed budget must be available for public review at the public hearing. The applicant must read into the record the proposed services and budgets for 2016.
- 5. Complete public hearing transcripts must be submitted. The transcripts can be submitted after the application's filing deadline as NJT Attachment K7.

SECTION VI - ADDENDUMS

SCDRTAP Maintenance of Effort (MOE) Certification

Excerpt from Guidelines, Description and certification of Maintenance of Effort (MOE) (a) The purpose of the Senior Citizen and Disabled Resident Transportation Assistance Program to provide for additional or expanded transportation services to senior citizens and disabled residents. Therefore designated recipients must maintain the same level of funding for senior citizen and transportation services as prior years.

(b) In order to comply with this Maintenance of Effort (MOE) requirement, the application must contain senior citizen and disabled resident transportation non-capital expense data from the past two years prior to the implementation of the Senior Citizen and Disabled Resident Transportation Assistance Program. This data should include non-capital expenditures of the designated recipient and/or applicant and any other agency, group, or groups, which will participate in the coordinated transportation program. Data from groups joining the coordinated system since the implementation of the Senior Citizen and Disabled Resident Transportation Assistance Program must be added to the original year period immediately preceding their joining the coordinated system

Actual Maintenance of Effort for 2014 \$686,780

Proposed Maintenance of Effort for 2016 \$769,179

If the MOE for 2016 has increased/decreased, please explain below: *Increased due to a decrease in grant funds.*

The following are only required by Section 5311 Applicants

Opinion of Counsel Letter

Sample Opinion of Counsel-Attach as NJT Attachment N

(Date)

(Name of Applicant) (Address of Applicant)

To Whom It May Concern:

This communication will serve as the requisite opinion of counsel to be filed with NJ TRANSIT in connection with the application of Name of Applicant for financial assistance pursuant to the provisions of Section 5311 of the Federal Transit Act, as amended for administration, capital, and operating assistance project(s). The legal authority for Name of Applicant's ability to carry out administration, capital and/or operating assistance projects directly, by lease, contract, or otherwise is set forth below:

Name of Applicant is authorized to provide and assist public transportation by acquisition, construction and operation of existing or additional transit facilities. This assistance may be provided directly or by agreements with other parties.

The authority of Name of Applicant to provide funds for the local share of the project is set forth in (cite source and provide a copy of, for example, of the local ordinance passed by County Board of Chosen Freeholders or other governing body authorizing funding for the local share, if applicable).

I have reviewed the pertinent Federal State and local laws, and I am of the opinion that there is no legal impediment to making application for Section 5311 assistance. Furthermore, as a result of my examination, I find that there is no pending or threatened litigation or other action, which might in any way adversely affect the proposed project in the program or the ability of Name of Applicant to carry out such projects in the program.

Special Section 5333(b)

The attached Special Warranty and the procedures incorporated therein represent he understandings of the Department of Labor and the Department of Transportation with respect to the formula Grant Program for Areas Other Than Urbanized Areas (C.F.R. U.S.C. Section 5311)

The Department of Transportation will make this Special Warranty a part of the contract of assistance between the U. S. Department of Transportation and each state agency designated to receive and administer funds under Section 5311 of the Urban Mass Transportation Act of 1964, as amended.

The Secretary of Labor has found that the terms and conditions of the Special Warranty meet the requirements of Section 5333(b) of the Urban Mass Transportation Act of 1964, as amended. Accordingly, the Secretary of Labor hereby makes the certification that inclusion of these terms and conditions in formula grant contract for small urban and rural program grants meets the requirements of Section 5311 of the Urban Mass Transportation Act of 1964, as amended.

A. General Application

The Public Body (A) agrees that, in the absence of waiver by the Department of Labor, the terms and conditions of this warranty, as set forth below, shall apply for the protection of the transportation related employees of any employer providing transportation services assisted by the Project (Recipient), and the transportation related employees of any other surface public transportation providers in the transportation service area of the project.

The Public Body shall provide to the Department of Labor and maintain at all times during the Project an accurate, up-to-date listing of all existing transportation providers which are eligible Recipients of transportation assistance funded by the Project, in the transportation service area of the Project, and any labor organizations representing the employees of such providers.

Certification by the Public Body to the Department of Labor that the designated Recipients have indicated in writing acceptance of the terms and conditions of the warranty arrangement will be sufficient to permit the flow of Section 5311 funding in the absence of a finding of non-compliance by the Department of Labor.

B. Standard Terms and Conditions

The Project shall be carried out in such a manner and upon such terms and conditions as will not adversely affect employees of the Recipient and of any other surface public transportation provider in the transportation service area of the Project. It shall be an obligation of the Recipient and any other legally responsible party designated by the Public Body to assure that any and all transportation services assisted by the Project are contracted for and operated in such a manner that they do not impair the rights and interest of affected employees. The term a Project, as used herein, shall not be limited to the particular facility, service, or operation assisted by Federal funds, but shall include any changes, whether organizational, operational, technological, or otherwise, which are a result of the assistance provided. The phrase "as a result of the Project," shall when used in this arrangement, include events related to the Project occurring in anticipation of, during, and subsequent to the Project and any program of efficiencies or economies related thereto; provided, however, that volume rises and falls of business, or changes in volume and character of employment brought about by causes other than the Project (including any economies or efficiencies unrelated to the Project) are not within the purview of this arrangement.

An employee covered by this arrangement, who is not dismissed, displaced or otherwise worsened in his position with regard to his employment as a result of the Project, but who is dismissed, displaced or otherwise worsened solely because of the total or partial termination of the Project, discontinuance of Project services, or exhaustion of Project funding shall not be deemed eligible for a dismissal or

displacement allowance within the meaning of paragraphs (6) and (7) of the Model agreement or applicable provisions of substitute comparable arrangements.

- (a) Where employees of a Recipient are represented for collective bargaining purposes, all Project services provided by that Recipient shall be provided under an in accordance with any collective bargaining agreement applicable to such employees which is then in effect.
- (b) The Recipient or legally responsible party shall provide to all affected employees sixty (60) days notice of intended actions which may result in displacements or dismissal or rearrangements of the working forces. In the case of employees represent by a union, such notice shall be provided by certified mail through their representatives. The notice shall contain a full and adequate statement of the proposed changes, and an estimate of the number of employees affected by the intended changes, and the number and classifications of any jobs in the Recipient=s employment available to be filled by such affected employees
- (c) The procedures of this subparagraph shall apply to cases where notices involve employees represented by a union for collective bargaining purposes. At the request of either the Recipient or the representatives of such employees' negotiations for the purposes of reaching agreement with respect to the application of the terms and conditions of this arrangement shall commence immediately. If no agreement is reached within twenty (20) days from the commencement of negotiations, any party to the dispute may submit the paragraph (4) of this warranty. The foregoing procedures shall be complied with and carried out prior to the institution of the intended action.

For the purpose of providing the statutory required protections including those specifically mandated by Section 5333(b) of the Act, the Public Body will assure as a condition of the release of funds that the Recipient agrees to be bound by the terms and conditions of the National (Model) Section 5333(b) Agreement executed July 23, 1975, identified below², provided that other comparable agreements may be substituted therefore, if approved by the Secretary of Labor and certified for inclusion in these conditions.

Any dispute or controversy arising regarding the application, interpretation, or enforcement of any of the provisions of this arrangement which cannot be settled by and between the parties at interest within thirty (3) days after the dispute or controversy first arises, may be referred by any such party to any final and binding disputes settlement procedure acceptable to the parties, or in the event they cannot agree upon such procedure, to the Department of Labor or an impartial third party designated by the Department of Labor for final and binding determination. The compensation and expenses of the impartial third party, and any other jointly incurred expenses shall be borne equally by the parties to the proceeding and all other expenses shall be paid by the party incurring them.

In the event of any dispute as to whether or not a particular employee was affected by the Project, it shall be his obligation to identify the Project and specify the pertinent facts of the Project relied upon. It shall then be the burden of either the Recipient or other party legally responsible for the application of these conditions to prove that factors other than the Project affected the employees. The claiming employee shall prevail if it is established that the Project had an effect upon the employee even if other factors may also have affected the employee.

The Recipient or other legally responsible party designated by the Public Body will be financially responsible for the application of these conditions and will make the necessary arrangements so that any employee covered by these arrangements, or the union representative of such employee, may file claim of violation of these arrangements with the Recipient within sixty (60) days of the date he is terminated or laid off as a result of the Project, or within eighteen (5311) months of the date his position with respect to his employment is otherwise worsened as a result of the Project. In the latter case, if the events giving rise to the claim have occurred over an extended period, the 18-month limitation shall be measured from the last such event. No benefits shall be payable for any period prior to six (6) months from the date of the filing of any claim.

Nothing in this arrangement shall be construed as depriving any employee of any rights or benefits

which such employee may have under existing employment or collective bargaining agreements, nor shall this arrangement be deemed a waiver of any rights of any union or of any represented employee derived from any other agreement or provision of federal, state or local law.

In the event any employee covered by these arrangements is terminated or laid off as a result of the Project, he shall be granted priority of employment or reemployment to fill any vacant position within the control of the Recipient for which he is, or by training or retraining within a reasonable period can become qualified. In the event training or retraining is required by such employment or reemployment, the Recipient or other legally responsible party designated by the Public Body shall provide, or provide for, such training or retraining at no cost to the employee.

The Recipient will post, in a prominent and accessible place, a notice stating that the Recipient has received federal assistance under the Urban Mass Transportation Act and has agreed to comply with the provisions of Section 5333(b) of the Act. This notice shall also specify the terms and conditions set forth herein for the protection of employees. The Recipient shall maintain and keep on file all relevant books and records in sufficient details as to provide the basic information necessary to the proper application, administration, and enforcement of these arrangements and to the proper determination of any claims arising thereunder.

Any labor organization which is the collective bargaining representative of employees covered by these arrangements, may become a party to these arrangements by serving written notice of its desire to do so upon the Recipient and the Department of Labor. In the event of any disagreement that such labor organization represents covered employees, or is otherwise eligible to become a party to these arrangements, as applied to the Project, the dispute as to whether such organization shall participate shall be determined by the Secretary of Labor.

In the event the Project is approved for assistance under the Act, the foregoing terms and conditions shall be made part of the contract of assistance between the federal government and the Public Body or Recipient of federal funds; provided, however, that this arrangement shall not merge into the contract of assistance, but shall be independently binding and enforceable by and upon the parties thereto, and by any covered employee or his representative, in accordance with it terms, nor shall any other employee protective agreement merge into this arrangement, but each shall be independently binding and enforceable by and upon the parties thereto, in accordance with its terms.

C. Waiver

As a part of the grant approval process, either the recipient or other legally responsible party designated by the Public Body may in writing seek from the Secretary of Labor a waiver of the statutory required protections. The Secretary will waive these protections in cases, where at the time of the requested waivers, the Secretary determines that there are no employees of the Recipient or of any other surface public transportation providers in the transportation services area who could be potentially affected by the Project. A 30-day notice of proposed waiver will be given by the Department of Labor and in the absence of timely objection; the waiver will become final at the end of the 30-day notice period. In the event of timely objection, the Department of Labor will review the matter and determine whether a waiver shall be granted. In the absence of waiver, these protections shall apply to the Project.

Dear Mr. Fittante:

The Name of Applicant has made application to NJ TRANSIT and the Federal Transit Administration pursuant to Section 5311 of the Federal Transit Act, as amended for a mass transportation grant to assist in the reimbursement of operating and/or non-operating expenses for the period July 1, 2015 to December 31, 2016.

The Name of Applicant agrees that, in absence of a waiver by the Department of Labor the terms and conditions of the Special Section 5333(b) Warranty shall apply for the protection of the employees of any employer providing transportation service assisted by the Project, and the employees of any other surface public transportation providers which are eligible recipients, in the transportation service area of the Project. The Warranty arrangement shall be made part of the contract of assistance and shall be binding and enforceable by and upon the parties thereto, by any covered employee or his representative.

Additionally, pursuant to Section (A) of the Special Section 5333(b) Warranty, included with this submission is a listing of all transportation providers in the geographic area of our project and any labor organizations representing the employees of such providers.

Sincerely,

Signature of Authorized Representative Title

Listing of Operators and Union Representatives

As part of the 5333(b) warranty process applicants must submit an accurate and up-to-date listing of all existing transportation providers in the Section 5311 service area of the project. Applicants must also include any labor organizations representing such providers. A complete statewide list (Addendum C) is submitted by NJ TRANSIT to the US Department of Labor. Do not include NJ TRANSIT as a transportation provider in your area.

Submit all changes on Table 16 below (include any additions, deletions or changes to the transportation providers listed in Addendum C – do not retype information from or on Addendum C). Note if a (D)eletion, (A)ddition or (C)hange to Addendum by adding a (D), (A) or (C) after the name of the provider in the first column. If "no changes" indicate that below.

To assist you we also included a list of major private for-profit transportation providers in the state on Addendum A. Take note that other organizations including taxi and private non-profit organizations may provide transportation and have union representation as well and should be listed.

Note to applicant - include your county and indicate if there is a driver union.

WHEREAS, the Subrecipient is required to adhere to the requirements as specified in the U.S. Department of Transportation's Minority Business Enterprise (MBE) regulation set forth in 49 C.F.R. Part 23, Subpart D.

NOW, THEREFORE, BE IT RESOLVED BY (Name of Governing Body)

- 1. That (Title of Applicant's Designated Official) is authorized to execute and file an application on behalf of Subrecipient (Legal Name of Applicant) with NJ TRANSIT who as the Designated Recipient will apply to the U.S. Department of Transportation requesting aid in the financing of administration, capital and/or operating assistance projects pursuant to Section 5311 of the Federal Transit Act, as amended.
- That (Title of Applicant's Designated Official) is authorized to execute and file with such applications and assurance or any other document required by the U.S. Department of Transportation effectuating the purposes of Title VI and EEO requirements of the Civil Rights Act of 1964.
- 3. That (Title of Applicant's Designated Official) is authorized to set forth and execute affirmative minority business policies pursuant to 47 C.F.R. Part 23, Subpart D.
- 4. That (Title of Authorized Representative) is authorized to furnish such additional information as the U.S. Department of Transportation may require in connection with the application.
- 5. That (Title of Applicant's Designated Official) is authorized to execute grant agreements on behalf of Legal Name of Applicant for aid in the financing of the administration, capital and/or operating assistance.
- 6. That (Governing Body of Applicant) hereby authorize the amount of (\$ amount) be obligated as the local share required under the provisions of the grant

application.

SECTION VIII FTA SECTION 5311 INNOVATION GRANT

NOT APPLICABLE

Purpose

The FTA Section 5311 Innovation Grant is a designation of a portion of unused **funding allocated to Section 5311 eligible counties** which is made available to these counties on a competitive application basis. The objective is to provide funding to promote integration of community transit services and NJ Transit bus and rail services in rural counties.

Grant Qualification Criteria

Project applications must meet the following standards in order to be eligible for competitive review:

- 1. Project must provide a direct connection with an existing NJ Transit bus, private fixed route bus or rail service either within or in a contiguous county
- 2. Route must serve residential origins within the Census defined rural area
- 3. The service must consist of a deviated fixed route service with a service frequency of 60 minutes or less during either peak or off-peak periods
- 4. Service must be provided on a minimum of five days per week
- 5. The proposed service may be either a new service or an expansion of service span or frequency of an existing service that provides direct connections to a rail station or an established bus route at either a route endpoint or key bus stop or station.
- 6. Submit a marketing plan which includes a commitment to provide a bus timetable that includes at minimum key time-points, a map with a designation of those key time-points, pickup/drop-off points, fare information, and connecting transit bus and rail services. The proposer must also provide a plan for a timetable distribution program including key residential, commercial and employment locations served and the proposed mode of ensuring that bus timetables are supplied and available to potential customers.
- 7. Proposed service operator must demonstrate the ability to meet operating requirements including but not limited to:
 - Meeting New Jersey Motor Vehicle Commission (NJMVC) requirements for operating authority and vehicle inspections if charging a fare
 - Demonstrate a vehicle fleet sufficient to meet the peak vehicle requirement for the service with a minimum 15% spare ratio in order to ensure that the daily peak vehicle requirement is met

Funding Requirements

Funding may be used only for direct operating expenses for the provision of vehicle services including driver salary and benefits, fuel, vehicle parts and maintenance labor or the cost of contract operated service.

Funding may NOT be used to cover operating expenses including operations management, dispatch and training. It is assumed that the existing system will be able to provide these direct operating support services within the context of the existing service or through other grant funding sources.

The applicant must demonstrate the financial capability to provide the required 25% match which must be used in combination with the NJ Transit 25% match to support half of the direct

operating expenses for the proposed service. Once approved projects have been Identified Resolutions will be requested.

A maximum of \$200,000.00 (including the applicant's 25% match) will be made available to a single project.

The service must meet a minimum threshold of four (4.0) passenger trips per revenue hour at the end of the initial service period. Services not meeting the minimum operating standard will not be eligible for continued funding in the next year.
